*All battery life claims are approximate and based on two methods of testing: MobileMark® 2014 battery life benchmark and continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness and default volume level). New Rapid Charge Boost, charge for 15 minutes in standby mode or while powered off for up to two hours of battery life based on test results using continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness on FHD display at default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use. Requires included 95W adapter.
